

Ceramic vertical fan heater, very quiet, easy to place, requires very little space.

Characteristics:

- Ceramic resistances that optimise energy consumption.
- Remote control for power selection with two heating intensities and one ventilation position.
- Mechanical thermostat.
- Double security system, with anti-overturning security switch and overheating thermal protection.
- Easy removable and washable air filter.
- Anti-freeze device: connects the fan heater when the environmental temperature is lower than 5°C.
- Class II.

**Power selection control.
Pilot light.**

**Automatic adjustable thermostat .
with anti-freeze device.**

**Carrying handle.
Washable air filter.**

Anti-overturning switch.

TECHNICAL CHARACTERISTICS
