

Vertical fan heater, very quiet, manufactured with self-extinguishing material.

Characteristics:

Multidirectional airflow.
Optimal heat distribution.
Remote control for power selection with two heating intensities and one ventilation position.
Anti-overturning security switch.
Thermal protection.
Anti-freeze device: connects the fan heater when the environmental temperature is lower than 5°C.
Protection against splashing water. IP21. Class II.

Power selection control

Automatic adjustable thermostat
with anti-freeze device.

Pilot light.
Carrying handle
